

# PicoKing™

The complete picolaser platform.

Powerful skin rejuvenation  
Pigment and tattoo removal

## PicoKing™ Beacon in Life

PicoSecond can remove all kinds of pigments and tattoos in shorter pulses, so it is less damaging to the skin, more comfortable and safer. Patients have shorter recovery times and fewer treatments to remove tattoos.

## Industry's Finest. Laser Tattoo Removal

---

PicoKing™ uses the latest technology to remove ink colours by delivering ultra-short picosecond pulses of energy into the skin. These pulses create a photomechanical effect, or PressureWave, that targets ink while avoiding unmarked tissue.

Groundbreaking innovation. Unique technology.

☑ Creating an intense photomechanical impact in a trillionth of a second, PicoKing's advanced technology spares the skin of thermal damage and targets the chromophore for better clearance in fewer treatments.

Helping the body removal. ALL tattoo ink colours.

☑ The unique 755nm wavelength treats the widest range of ink colours including hard to remove blues and greens. PicoKing™ is available as a single wavelength device or with the added 532nm/1064nm wavelengths. PicoKing™ is ideal for all skin types.

Extreme safety. Minimal damage to skin.

☑ PressureWave shatters the ink into tiny, dust-like particles which are easily eliminated by the body. This results in clearer skin with fewer treatments without injuring the surrounding skin.

# PicoKing™

## State of The Art Technology

## Deep Reach - for Deep Pigment Shattering

With PicoKing™, your customers will appreciate the faster treatment results with shorter treatment sessions.

With PicoKing™, your customers will appreciate the faster treatment results with shorter treatment sessions.

PicoKing™ offers up to 10 mm spot size, ranging from 2mm to 10mm. Its larger spot sizes allow deeper maintenance of penetration into the dermis and better dispersal.

### 3 Wavelengths For effective shattering of the most popular pigment/ink colors

## PicoKing™ – Your journey with winkonlaser has just begun

We want your business to grow with Winkonlaser That's why we have put together a support package that begins with the first conversation and will stay with you as your business begins to see the benefits. We provide a support package which ensures that you have all the training you need and receive the most up to date clinical materials.

### Winkonlaser Practice Locator

Thousands of patients search for treatment providers every month. Help them find your clinic by registering your practice on the Winkonlaser Practice Locator. We run campaigns through influencers, social media and viral videos to promote this directory.

### Winkonlaser online

Consumers have many questions about aesthetic. Our websites will give them the re-assurance and confidence they need to move forward with the treatments.

### Team Training

We install the system and train your staff, so that you are able to assess skin types and conditions, creating the perfect treatment plan for each individual patient. Our expert clinical training means they will handle consultations and treatments with confidence.

### Your Most Valuable Resource

Your dedicated representative is an email, text, or phone call away. We want you to feel part of the Winkonlaser family, so please feel free to contact us any time. We'll always do our best to get back to you within 24 hours.

### Brand Your Clinic

As a Winkonlaser client you will have access to the Winkonlaser Physician Portal. Here, you can find materials such as brochures and posters. You will also have access to a wealth of clinical and product information.

### Extensive Service Network

We are committed to providing high quality, comprehensive service for medical equipment repair and maintenance. Winkonlaser service provides you with peace of mind, so you can focus on patient care, rather than on the equipment.
